PROFILE

Hardworking & achievement-oriented student recently graduated with a 1st Class Honours Higher Diploma in Science in Computing. Honours graduate of Film Studies with Arts from NUI Galway. Strong technical aptitude, with a 2:1 Honours standard in English and writing, organisation and communication skills and a sincere passion for learning more.

Direct project management experience, handling entire post-production process of film projects, through my post-production company, *Rogers Sound*. Proficient in the use of audio and video software with experience in various departments, both on location and post-production.

WORK HISTORY

Sound Supervisor, Designer and Editor / Video Editor

Freelance - Dublin

10.2016 - 04.2020

- Supervised entire post-production process of a feature film, including audio, visual, VFX and colour.
- Arranged production meetings and supervised projects sent to different production houses.
- Worked in all audio post-production departments, provided video edit, and supervised Colour, VFX and Music.
- Recorded and mixed sound on-location.
- Created and managed a data library of audio/video files for feature projects.
- Transcoded raw video footage to low-resolution proxies for editing.

Contact Administrator and Customer Care Representative

J1 Ireland - Roscommon

01.2018 - 05.2018 / 01.2019 – 05.2019

- Designed and implemented an application monitoring system, which enabled the business to meet its target of completing over 300 outstanding applications, while simultaneously managing new applications helping to reach all project goals on time.
- Secured over 30 US jobs by meeting and negotiating with owner of Bubba Gump Shrimp in Chicago.
- Contacted US Visa Sponsors and applicants daily regarding completed application forms.
